

Grow your business with easy-to-use Online Meetings

Lets your company communicate and collaborate more effectively, internally and externally.

Collaborate with colleagues and partners without traveling

Accelerate sales and marketing activities with live presentations

Support real-time or on-demand training and content sharing

Easy-to-use for meeting hosts and attendees

ONLINE MEETING & WEBINAR

MAKE A PERSONAL CONNECTION

With Online Meeting, you can use HD video and audio meetings for a more personal and powerful connection. Easily view facial expressions and other visual cues for a rich, personalized in-meeting experience that will translates to higher engagement, higher productivity and higher sales versus travel or traditional phone conferencing.

BENEFITS OF WEB CONFERENCING

Collaborate:

Hosts and attendees can easily share their screen or applications with one-click to easily collaborate and make edits in real-time. Or for more polished presentations upload PDFs or PowerPoints ahead of time.

Connect On-the-go:

Integrated conference bridge and mobile apps make it incredibly easy for anyone to join meetings. Either dial in from phone, or join via mobile, for a truly "on-the-go" experience.

Save capital:

One low monthly fee will support unlimited conferences or Webinars (1 at a time). Reduce lost time for travel by car or plane and hold live meetings in the office.

Personalize:

You can custom brand your online meetings with your company's logo and personalized background.

CTIntegrators, Inc. brings over 30 years of IT and communications experience to assist your small to medium size business.
