

Meetings for the Way We Work Today

Finally, start online meetings on time.

Make meetings easier with Vertical Meetings™ from Vertical Communications®.

Vertical Meetings is a secure, cloud-based online videoconferencing, collaboration and webinar solution for 2-500 participants. It's easy to use on connected PCs, smartphones and tablets – no PINs, plug-ins, or downloads needed to join meetings! And, our simple, 3-tiered pricing structure means no additional licenses or add-ons to get all the meeting and webinar features you need.

Just Meet Already!

For small and mid-sized businesses that need a simple, scalable way to conduct HD video meetings and webinars, Vertical Meetings offers:

- All-in-one solution for online meetings, videoconferences and webinars for up to 500 participants
- Simple, 3-tiered pricing structure starting at just \$10 per user per month
- Access via web, smartphone and tablets
- Single-click meeting access with no PINs, downloads or plug-ins
- Always-on personal virtual meeting rooms make regular online meetings easy
- Multimedia session recording
- YouTube video sharing
- Multi-use whiteboard
- Easy-to-use account management dashboard to quickly set up user accounts and send meeting invites
- Seamless, secure cloud access; no deploying or managing costly on-premise infrastructure
- And more!
